

# PETROS

*Resilience for Life*

## Do you work with or parent challenging, disruptive or explosive children?

At the only event of its kind in the UK, join Dr Ross Greene, the Founder of Collaborative and Proactive Solutions (CPS) model and Dr Jo Clarke for a unique two-day workshop of advanced training and support.

**CPS at The Mount School, York**  
**Tuesday 22nd - Wednesday 23rd May, 2018**

A highly practical approach to understanding and helping behaviourally challenged kids; non-punitive and non-adversarial, CPS is a collaborative skills building and relationship-enhancing intervention that works.

**BOOK HERE**

Created for parents, educators and mental health clinicians who are already familiar with Dr. Greene's model, this training makes extensive use of video examples of key facets of the model and live demonstration, providing the maximum opportunities for questions, practice, interaction, and discussion, covering:

- Identification of lagging skills and unsolved problems using the ALSUP.
- Prioritizing unsolved problems.
- Use of the Plans framework.
- Skilled "drilling for information" to clarify concerns.
- Dealing with roadblocks commonly encountered in implementation.
- What to do with kids who "won't talk".
- Strategies for "getting people on board" and "getting over the hump".
- The sequence and process of change.

**Dr. Ross Greene** was on the faculty at Harvard Medical School for over twenty years and is the originator of the Collaborative & Proactive Solutions model. Author of *The Explosive Child* and *Lost at School*, he is also the founding director of the non-profit *Lives in the Balance* and consults extensively to families, schools, inpatient and residential facilities, and systems of juvenile detention, and lectures widely throughout the world.

**Dr Jo Clarke** is Founder and Co-director of York based Petros, also a not-for-profit organisation. Jo trained with Dr. Greene in 2013 after 23 years of working in the criminal justice system. She is committed to finding ways of enhancing the resilience skills so often lacking in challenging children through the application of the CPS model, whilst also supporting parents, carers and professionals charged with their care.
